

NovaTech Solutions

Employee Handbook

1. Company Overview

NovaTech Solutions is a cloud software company founded in 2019, specializing in inventory and supply chain management tools for small and medium businesses. The company is headquartered remotely, with employees distributed across multiple time zones.

2. Leave and Time Off Policy

Full-time employees are entitled to 20 days of paid annual leave per calendar year, in addition to 10 public holidays.

Sick leave is provided separately at 12 days per year and does not require advance notice, though employees should inform their manager as soon as possible.

Parental leave is offered at 12 weeks fully paid for the primary caregiver and 4 weeks for the secondary caregiver.

Unused annual leave may be carried over up to a maximum of 5 days into the following year.

3. Remote Work Policy

NovaTech operates on a hybrid model. Employees may work remotely up to 3 days per week, subject to manager approval.

Employees working remotely are expected to be available during core hours of 11:00 AM to 4:00 PM in their local time zone.

The company provides a one-time home office stipend of \$500 for new hires to set up their remote workspace.

4. Security and Compliance Training

All employees must complete mandatory security awareness training within their first 30 days of employment.

Refresher training is required annually for all staff, and additional training is required for employees handling customer payment data.

Failure to complete required training within the deadline may result in restricted system access.

5. Product Pricing Overview

NovaTech's flagship product, InventoryFlow, is a cloud-based inventory management system supporting real-time stock tracking across multiple warehouses.

Pricing for InventoryFlow starts at \$49/month for small businesses (up to 3 users), \$149/month for the Growth plan (up to 15 users), and custom Enterprise pricing for larger organizations.

All plans include a 14-day free trial and email support. Growth and Enterprise plans include priority support and API access.

6. IT and Account Support

To reset your password, navigate to Settings > Security > Reset Password. Password reset links expire after 24 hours.

API rate limits are set to 1,000 requests per hour for free-tier users and 10,000 requests per hour for paid accounts.

NovaTech supports integrations with Slack, Zapier, and Google Workspace out of the box, with additional integrations available via the developer API.

7. Performance Reviews

Performance reviews are conducted twice a year, in June and December.

Reviews include a self-assessment, manager feedback, and a peer feedback component for employees who have been with the company for more than 6 months.

Salary adjustments, when applicable, are typically communicated within two weeks of the December review cycle.
